HOLD COUNTYS.S. CONVENTION AT CURWENSVILLE

A new thing in Association Work Was the Fall Convention Held Last Tuesday

USUALLY HELD IN THE SUMMER

A new thing in District No. two of the Clearfield County Sunday School association was the Fall convention held in the Presbyterian church at Curwensville Tuesday. Heretofore but one convention has been held in that district each year, usually in June, but, judging by the spirits of the one just held, it is likely to be repeated year after year. J. A. Dale, Esq., is president of the district and he, with the secretary Fred P. Robinson, did careful publicity work prior to the convention. The forenoon session was in the nature of an informal conference participated in by F. M. Davis, Mrs. Margaret Spence, Mrs. Wm. Twiss, J. D. Haines, chairman Dale and others. The central theme of this period was the relation between the Sunday School worker and his source of power.

In the afternoon devotions were led by M. C. Flegal, of Lumber City. He was followed by chairman Dale in a talk on the past and future of the district. It was a well thought out presentation of the subject, showing that the district has a past worthy of commemoration and also pointing the way to an even better future.

A letter from the county president Rev. O. B. Poulson, of Wallacetown, was read expressing his regrets that he could not be present at the convention and mentioning some things that the county association expected of district number 2. The sum of those expectations was that the district should make a strong endeavor to reach Front Line position, or Advanced Standard, if possible. The various points that would have to be met were earnestly discussed. The feeling of the convention seemed to be that the proposition was not at all out of reach and that if the district will go after the goal of Front Line it will reach it, and the Advanced Standard is not much farther on.

The need of community surveys with reference to church and Sunday School organizations was discussed by many members of the convention. The subject developed live interest and a considerable breadth was given in that it called forth different views concerning Sunday School attendance. One view that seemed to have the concurrence of all who were present was that parents are more responsible than any other factor for neglect of both Sunday School and church attendances.

Probably the most interesting period of the session was that occupied by Edgar R. Buzzell in a paper covering the subject of Secondary Division Activities in the district. It was an appealing argument for the formation of more organized teen age classes. He showed how the greatest losses to the Sunday School membership occur during the ages between thirteen and nineteen and

ROUMANIA DID NOT LOSE ARMY IN RETREAT

Evacuated Bucharest in Food Order But Rear Guard Forced to Fight to Save Themselves

COUNTRY MAD WITH TERROR

Paris, Dec. 7.—The Roumanians evacuated Bucharest in good order, saving their army it was authoritatively stated here today. The Roumanian rear guard was forced to fight desperately before the retreat—the above is the first admission from any allied war source confirming the German official statement late yesterday afternoon that Bucharest had fallen into Teuton hands, success of the French surprise attack on Metzeral was announced in today's official statement. The French forces captured a number of prisoners. Metzeral is in Alsace on the border and on the road to Golmar from which point it is about 15 miles distant.

Amsterdam, Dec. 7.—Bucharest was almost deserted of civilians as well as soldiers when the Roumanian capital was taken by the German army. Reports here today said the city was not demolished.

With the German army at General von Falkenhaven's headquarters in Roumania via wireless to the United Press. Every hundred yards there is something dead or dying in Roumania. The country is mad with terror. Anarchy and chaos reigns everywhere and the misery of the inhabitants is terrible. Most of it is due to the Roumanian government itself which ordered all civilians to

strong a tendency class organization exists to stop that leakage. Several delegates took part in the discussion that followed.

The evening service was opened with a prayer and song service led by Rev. T. C. Henderson of Glen Richey. Then an illustrated lecture was delivered by Rev. E. D. Parkhill, pastor of the Curwensville Presbyterian church. It was educational in character, especially in the direction of imparting information concerning conditions in some of the spiritually destitute sections of the United States. It was a fitting close to a convention that was an uplift to all that attended it. It is risky nothing to say that that district number two will have more fall conventions.

leave their homes as the German army advanced with incredible swiftness. Berlin, Dec. 7.—Capture of Capina and Sinaca in addition to the capture of Bucharest was the announcement made by the German official statement today. The enemy retreated along the whole front the statement declared. A major part of the statement lauded the bravery, skill and speed of the Austro-Hungarian, German and Turkish troops who swept over Roumania defeating the Roumanian army and Russian reinforcements which were hurriedly summoned. The ninth German army reported the capture of 106 officers and 9,100 men of other tanks yesterday.

Petrograd, Dec. 7.—An allied war statement said the evacuation of the Roumanian capital had taken place at mid-day yesterday. The Russian troops which had come to the rescue of the Roumanians retreated southward with the Roumanians the statement added.

Daughter of Carnegie Makes Her Debut

Miss Margaret is Only Child of Rich Old Iron Master

New York, Dec. 7.—Miss Margaret Carnegie, only child of Mr. and Mrs. Andrew Carnegie, and heiress to the many millions of the great ironmaster, is to be introduced to society at a dance to be given tomorrow night at the home of her parents. That New York society is anticipating the event with more than an ordinary amount of interest goes without saying.

Neither Mr. nor Mrs. Carnegie has ever shown any inclination for a "social" life, as that term is generally understood. During the many years of their residence in New York they have been content with a small circle of friends. In striking contrast to other of the so-called "Pittsburgh millionaires" they have made no attempt to break into high society, although they would have found the doors of the most exclusive set always open to them.

85,000 ACRES OF LAND UNDER IRRIGATION

Washington, Dec. 7.—(By United Press)—A total of 85,000 acres of land in 17 states were benefited by irrigation water through the efforts of the reclamation service according to the report of Secretary Lane of the department of the interior today. Inventors of the country were active according to the report. 73,030 applied for patents at the patent office an increase of 954 over the prior year. Of this number 46,133 were granted. Pensions to the amount of \$159,155,089.92 were paid. There were 790,512 names on the roll at the end of the year a decrease of 38,500 for that year.

The First Bear

The first camp in the region to report the killing of a bear is the Harley Camp on Montgomery. Cliff Peoples was the lucky sportsman. This camp also reports the bagging of a fine six-prong buck. Both kills were made on Tuesday morning.

Besides being hunters this camp boasts of a trapper in that they report Lawrence Ball as having trapped a fine mink. The mink was of an extra large size and from the present condition of things in the fur market will compensate Lawrence to some extent if he is not lucky enough to kill his buck. The roster of the camp as follows: Wm. Harley, Geo. Harley, Lawrence Ball, Sheridan Ball, Wm. Peoples and Cliff Peoples.

SHORTAGE OF CARS

Washington, Dec. 7.—(By United Press)—With the country facing a desperate shortage of cars the Interstate Commerce commission in its report submitted to congress today recommended the federal control of the situation. The report pointed out that demands for American cars abroad was largely responsible for the shortage of cars.

"Doing the Dishes" By Electricity Now

One Cent a day is Cost of Keeping Hands White and Soft

If a thousand women were asked to vote on the most distasteful task in the numerous duties of house-keeping it is fair to assume that dish washing would receive a safe majority. Day in and day out, three times a day, seven days a week the accumulation of soiled dishes must be disposed of. Hot, not lukewarm water, is necessary to remove the particles of food from the plates and silverware. After the housewife has kept her hands in soapy dishwater raised to almost scalding temperature and rinsed and wiped the dishes, and repeated this process over and over three times a day, it is hardly to be wondered at that so many women have anything but soft well appearing hands fit for doing fine needle work, or to show at the card table or club.

Big Doings at Goshen Camp

Out at Goshen Camp, last Sunday there were some "DOINGS". Hobe Callahan and Lee Hess got into an argument as to whether Hobe could pick ten chickens in ten minutes. In less time than it takes to tell it the chickens were ready; the water boiling and the services of a small boy procured to hold the fowls during the operation.

At the call of time Hobe got right on the job and had the first nine chickens picked at the end of nine minutes. Without more ado he started in on the bird and a spectator is willing to vouch that Hobe denuded the last fowl in "less than nothing." However our popular producer of palatable ticklers got the "iron man" that was bet and take it from us Hobe is some chicken picker.

Safety First!

One of the notable things of the hunting season this year is the scarcity, or we might say, the fortunate avoidance of accidents. This is the seventh day of the season, nearly one-half of the allotted time and thus far there have been only one or two persons injured. Nature, herself, seems to have taken a hand in the hunters' "safety first" campaign and has denuded the trees of leaves thus making it easy to distinguish between man and deer.

Free Pupils Recital Tonight at C. of M.

Twenty of the Younger Pupils Will Render Excellent Program

Clearfield has within its borders a musical institution, the work of which, citizens are justly proud. The College of Music has for years been the prime moving spirit in the cultivation of music in the town. This evening twenty of the younger pupils of the College of Music will give a recital. No admission will be charged. All are welcome to go and enjoy the treat. The ability of the young artists will surprise you.

A CORRECTION

The attorneys for the Sonman Shaft Coal company which on Monday gained a decision against the Pennsylvania Railroad Company in the Supreme court of the United States for \$145,832.25 for coal car discrimination were Messrs. A. L. Cole and A. M. Liveright of the local bar. Another case that was argued at the same time, that of Stine-man Coal Mining Company, is still held under advisement by the court.

MADISON SQUARE GARDEN UNDER HAMMER

New York, Dec. 7.—Madison Square Garden, New York's most famous amusement center, was offered for sale at auction today to satisfy a \$2,300,000 mortgage held by the New York Life Insurance company. Never since its first opening a quarter of a century ago has the Garden been a success financially. For several years past it has been rumored that the big building would be torn down and the site used for business purposes. Following the present foreclosure proceedings it is expected that definite announcement soon will be made as to the future of the enterprise.

Somebody Lied on "Skinny"

When we published the item that the editor of this column had got his buck we thought that we were giving a truthful item. Since we have heard many contradictions of the statement and as "SKINNY" is still "Somebody where in the mountains" (name deleted by censor) we are unable to either verify or retract the statement. However we have every reason to think, taking Jim's past record into consideration, that if he got his heagle eye on one of the pronged denizens of the woods he might as well say a little prayer and say a little prayer and prepare to enter into another life and as Jim would say if he wrote this column this week, "Yee gosh darned right."

CITY TREASURER OF PITTSBURG IS DEAD

Four of Armstrong Cabinet Have Died; Three Within One Month

SOLICITOR HUNTER WAS FIRST

Pittsburgh, Dec. 7.—(By United Press)—H. M. Landis, city treasurer, died at his home in Perryville Avenue today as the result of a nervous breakdown. He was aged 52 years. Treasurer Landis' death is the fourth in the Armstrong cabinet and the third within a month. Edward M. Bigelow who succeeded Swann as director of public works died late yesterday. Swann died several months ago. City Solicitor Hunter was the first member of the cabinet to be called by death.

The Antis Have Their Inning Convene in Washington

Mrs. Lansing, Miss Mabel Boardman, Ida M. Tarbell and Mrs. Wiggin Present.

This was the first national convention in America of women who believe progress for the sex lies within the realm of politics. The antis are going to try and drag the old destructive "bug-a-bon, bug-a-bon" out of the constructive side of that organization the ultimate union of women of all creeds and classes to the attainment of womanhood. The late woman suffrage movement will be more or less relegated to the past along those lines. Present women Howard Tarbell, Mrs. Wm. Cabot Lodge, Mrs. Wm. Flinn and Lyman Abbott have been invited to attend the convention. Mrs. Lansing, Mrs. Boardman, Ida M. Tarbell and Mrs. Douglas Wiggin are present. The association is composed of 25 organizations, and has an enrollment of more than 350,000 members.

New Argentine President to Hear Capital Graft of Five Million

Original Plan Was to Spend 6,000,000 Pesos But Already Over 32,000,000 Has Been Spent.

Buenos Aires, Dec. 7.—(By United Press)—The ventilation of scandal as awful or worse than the Pennsylvania state house scandal connected with the construction of the Argentine national capital today promises to be an early incident of Hipolito Yrigoyen's recently begun regime as President. Work on the capital was started about 10 years ago. It is nearly but not quite done.

The original plan was to spend 6,000,000 pesos, or \$2,610,000 United States money. In fact, 23,490,220 pesos, or to be exact, \$14,229,696.80, has gone into the building. It has been changed in print and practically that of this sum, about 12,000,000 pesos or \$5,280,000 was "graft."

THURSDAY EVENING, DECEMBER 7, 1916

Some men prefer to be decent first, Republicans second and Democrats never!

The weather has not been very cold but apparently it has been cold enough to freeze up that little "sheriff bug" that was buzzing in so many bonnets.

Some men cannot understand why we dare to utter any word of criticism on the Republican party or its leaders. We believe in party principles. We do not believe, however, that a man or any set of men, should become the party itself.

A BELATED TRIBUTE.

"Watch Your Step" which showed here night before last made a great hit among local theatre goers, particularly those who go to the theatre for amusement alone and without any thought of being bothered with a deep or even at least curiosity over the outcome of the play. To tell anybody what the play was about would be impossible. There was no plot and all that theatre goers remember was fine singing, best of dancing and some witty comedians. The costumes were the elaborate for a musical comedy ever seen on the local stage. To be able to create a good impression on an audience without the semblance of a plot to work on speaks well for the ability of the cast.

"MOVIES".

Why do you go to the movies? Did you ever ask yourself that question? People who patronize the show houses should study this question and by doing so they will be able to get much more pleasure and benefit from it. No doubt the vast majority of people go to the movies for amusement alone. But to what phase of the movie do they look for the fulfillment of their desires? Some look entirely to the plot or the scenario and never give a thought to the superb acting or wonderful scenic effects of the picture. A few appreciate real acting but these are in a minority. Probably the most scarce article in the movie "bug" is the person who really appreciates the wonderful landscape effects and beautiful scenes shown in most pictures. The habitual movie fan gets his greatest delight out of a screen acquaintance with every actor or actress and usually persists in annoying us with his dream land visiting list.

The picture houses of Clearfield are to be congratulated on the fine pictures they bring here and the next time you go to the movies we want to ask that you study them for their beauty alone. Keep in mind that what you spend ten cents to see has cost thousands of dollars to produce. There must be something of beauty hidden in it.

BUSINESS PLANS TO FORM STATE BODY

Harrisburg Meeting to Pattern After National Organization.

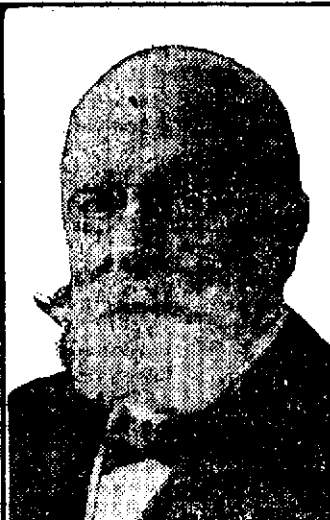

Photo by Overton.

HOWARD B. FRENCH
He will preside at gathering to form State Chamber of Commerce.

Philadelphia, December 1.—Men actively engaged in solving civic problems and developing industrial and agricultural projects will meet in Harrisburg on Wednesday, December 6, to form a Pennsylvania Chamber of Commerce. Howard B. French, President of the Philadelphia Chamber of Commerce, a member of the State Board of Charities, and affiliated with public organizations, will preside. R. G. Rhett, President of the Chamber of Commerce of the United States, whose home is in Charleston, S. C., and G. H. Veltman, President of the New Jersey State Chamber of Commerce, who lives at New Brunswick, will be present and participate in the organization next Wednesday. It is the purpose of those interested in the formation of this organization to model it after the Chamber of Commerce of the United States, which is composed of representatives of commercial and industrial associations.

TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring back its Natural Color, Gloss and Attractiveness

Common garden sage brewed in to a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and sulphur recipe at home, though it is troublesome. An easier way is to get a 50 cent bottle of Wyeth's Sage and Sulphur Compound all ready for use. This is the old time recipe improved by the addition of other ingredients.

While wispy, gray, faded, hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound no one can tell because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs will have disappeared and after another application or two your hair becomes beautifully dark, glossy and luxuriant.

This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of disease.

associations of labor, agricultural organizations, and such other agencies as have an interest in the betterment of governmental and business conditions. The organization will have headquarters at Harrisburg, and it is the plan to continue a permanent organization for carrying on the work of the various committees.

According to President Howard B. French, of the Philadelphia Chamber of Commerce, an effort will be made to bring into more sympathetic cooperation the business men of the state and those legislators charged with the duty of protecting the interest of the public, and the proper development of our state.

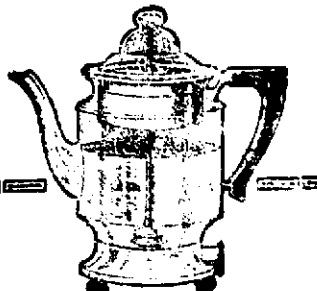

N. B. Kelly, General Secretary of the Philadelphia Chamber of Commerce, who is in charge of the detail work in the eastern part of Pennsylvania, reports enthusiastic support of the project to launch a state organization that will handle the problems of the business man in the small city as scientifically as the organization in the big cities look after the welfare of their members. According to Mr. Kelly, every commercial organization in the State of Pennsylvania has been asked to send one representative to the Harrisburg meeting to hear of the work done by the National Chamber of Commerce, and that done by the state body across the Delaware, and to further participate in the permanent organization that is calculated to work in harmony with everybody concerned in the welfare and advancement of the state.

Mrs. A. M. Kirk, who spent the past two months most pleasantly with relatives and friends in Philadelphia has returned to her home in Curwensville.

Mrs. A. Z. Wolf entertained the 500 club at her home Tuesday evening. It became sort of double party, as Miss Mary Wolf entertained a group of her young friends at the same time.

Mr. Croyle, who was a member of Co. F 149th Bucklers during the civil war, died in Lebanon county last week. He was the last of seven men who had enlisted in this famous regiment.

One of the hunters at the Kelly hunting lodge was accredited last evening with the killing of a large 4 prong buck. The men at this camp have only succeeded in getting one deer so far this season as records show.

Mrs. Albert Long, one of Curwensville's aged and respected ladies, suffered a paralytic stroke yesterday afternoon about four o'clock. She had been out just a few moments before and had gone into the house and sat down in a chair where her husband found her unconscious. Grave fears were entertained last evening for her recovery.

Lewis Anderson, a resident of Grampian, died last Saturday at his home, in the 49th year of his age. Cancer of the stomach was the direct cause of his death. He is survived by a widow and six children. His funeral was held Monday afternoon, Rev. Hawkins, pastor of Grace Lutheran church, this place conducting the services.

Mrs. J. H. Cooke was reported last evening to be seriously ill at her home in the Baptist parsonage.

Ed Pratt is home from Mt. Union where he had been working for the Curwensville Construction company during the summer. There is not another man in the state who can set more paving brick than this same Ed Pratt.

It was reported among those who are following the successes and defeats of Curwensville hunters on the mountains last evening that at last that big bear had been outwitted in his cunningness and slain. Several hunters came at 10:30 p. m. and when asked about it could not confirm the rumor.

No borough council meeting was held on Monday evening, as no quorum was present; through the members who compose that illustrious body being out on the mountains looking for venison or bear steak.

HOT WATER THE BEST LIVER AND BOWL MEDICINE

Says glass of hot water before breakfast washes poisons from system.

Physicians the world over recommend the inside bath, claiming this is of vastly more importance than outside cleanliness, because the skin pores do not absorb impurities into the blood, causing ill health, while the pores in the ten yards of bowels do.

Women and men are urged to drink each morning, before breakfast a glass of hot water with a teaspoonful of limestone phosphate in it, as a harmless means of helping to wash from the stomach, liver kidneys and bowels the previous day's indigestible material, poisons, sour bile and toxins thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Just as soap and hot water cleanse and freshen the skin, so hot water and limestone phosphate act on the eliminative organs.

Those who wake up with bad breath coated tongue, nasty taste or have a dull, aching head, sallow complexion, acid stomach; other who are subject to bilious attacks or constipation, should obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to demonstrate the value of inside bathing. Those who continue it each morning are assured of pronounced results, both in regard to health and appearance.

LOUIS SHAPIRO

"HOW TO WIN A HUSBAND" TOLD IN PREACHER'S TEN COMMANDMENTS

Oakland, Cal., Dec. 7.—(By United Press)—How to win a husband is told in Rev. John H. Pierce's "Ten commandments" for girls seeking the royal road to matrimony told. Rev. Pierce has married 400 couples in 20 years. Here are the commandments:

First—Plan your campaign with the wisdom of the serpent, conceal it with the silence of the clam, execute it with the strategy of Machiavelli.

Second—Avoid all witticism about marriage.

Third—Veil with alluring helplessness the iron of self-sufficiency.

Fourth—When a man declares "I shall never marry" mark him for easy prey.

Fifth—Be inwardly bold as a lion, outwardly timid as a fawn.

Sixth—The loudest flattery is the silence of attention. When he speaks listen. It is license to his pride.

Seventh—Shun the rouge pot and the powder puff, for many a man has been lost out by falling under false colors.

Eighth—Pick out a chemical affinity. Second annual convention of the Society of First Ladies of America was called to order by Mrs. John H. Pierce.

Ninth—Copy the cat, for it is the queen of grace, and the dove for its grace, and the whippersnapper for its grace.

Tenth—Remember that the truest test of a man is a kiss. If he will not pull under its pressure, turn him loose to be or not.

MARSHALL CASE COMES UP

Washington, Dec. 7.—One of the important cases appearing on today's docket for hearing before the Supreme Court of the United States was Fifth Avenue Presbyterian church that of United States District attorney H. Snowden Marshall of New York who is charged with contempt of the House of Representatives. While this case, and Winthrop W. Aldrich of Rhode Island, the late Senator Nelson W. Aldrich of Rhode Island, the case of both bridge and contempt charges made by Representative Buchanan of Illinois are among the wealthiest of American representatives charged by the House with contempt of the motives and conduct of the committee's inquiry. In their proceedings Mr. Marshall is appealing to the Supreme Court from dismissal by the Federal district court of New York of his habeas corpus suit denying jurisdiction of the present House to try or punish him.

"SAFETY FIRST" CONVENTION

Baltimore, Dec. 7.—Delegates representing industrial and other organizations in many parts of the country were on hand here today when the second annual convention of the Safety First Federation of America was called to order by Mrs. John H. Pierce. The convention sessions will continue until tomorrow and will be devoted to a discussion of a wide variety of subjects pertaining to public safety. There will include fire prevention, health and sanitation, uniformity in street traffic regulations, and plans to prevent accidents upon the right of way of railroads.

ALDRICH-ALEXANDER WEDDING

New York, Dec. 7.—Fashionable society turned out in full force at the Fifth Avenue Presbyterian church this afternoon for the wedding of Miss Harriet Alexander, daughter of Mr. and Mrs. Charles B. Alexander of New York, and Winthrop W. Aldrich of Rhode Island. The case of both bridge and contempt charges made by Representative Buchanan of Illinois are among the wealthiest of American representatives charged by the House with contempt of the motives and conduct of the committee's inquiry. In their proceedings Mr. Marshall is appealing to the Supreme Court from dismissal by the Federal district court of New York of his habeas corpus suit denying jurisdiction of the present House to try or punish him.

UNUSUAL BIRTHDAY COINCIDENCE

Stonham, Mass., Dec. 7.—A coincidence of dates is found in the family of Mr. and Mrs. John H. Pierce. This place, with tomorrow, will celebrate their birthday anniversary. The couple have had a happy marriage, one of whom, Mrs. W. H. Pierce, was born on December 7, 1870, and the other, Mr. John H. Pierce, was born on December 7, 1871.

WILL PAY

Beaumont, Tex., Dec. 7.—A party giving a large dinner and entertainment at the Hotel Beaumont, Beaumont, Tex., today. The party was given by the Beaumont Hotel and was a very successful one.

ILLINOIS MUNICIPAL LEAGUE

Urbana, Ill., Dec. 7.—The third annual convention of the Illinois Municipal League, which began at the University of Illinois today, is marked by a large and representative attendance. Mayor William C. B. of Joliet called the gathering to order and an address by Mayor B. of Cleveland, O., furnished the chief feature of the day's program. The convention will conclude its proceedings tomorrow.

GOOD STENOGRAPHERS ARE SCARCE

A prominent Philadelphia business man made the above statement. There's a host of bad way stenographers. There's always a good position open for the rapid accurate writer. We teach the celebrated

OSGOODBY SYSTEM

This has all the good features of the leading stenographic systems with the undesirable features eliminated. With this system you can acquire speed very quickly after you have mastered the first principles. There is much more of a practical, much greater opportunity in the profession of shorthand where the ability to write shorthand will lead to a better position, that is, a better place to have you call on the great I will gladly teach you the merits of

NORMA TALMADGE STARRS
WITH TULLY MARSHALL

"The Devil's Needle," New Triangle-Fine Arts Drama Dealing with Evils of Drug Habit

In "The Devil's Needle" Triangle drama to be seen at the Opera House tomorrow evening, Norma Talmadge and Tully Marshall are co-starring, and the latter is seen in the kind of part in which he achieved his greatest fame on the speaking stage—that of a morphine fiend. It was in Clyde Fitch's last play, "The City" produced on Broadway several months after his death, that Marshall appeared as a victim of the "devil's needle," and gave such a marvelous impersonation that on the opening night several women fainted and had to be carried from the audience. His individual work was more largely responsible for the success of "The City" than any other one feature of the play.

"THE DESTROYERS"

Special at the Globe Theatre Friday
In "The Destroyers," the Blue Ribbon Vitaphone release of June 5, there is a wonderful characterization by Robert Turner of a member of the Northwestern Mounted Police.

This body of men is one of the most famous in the world, being equalled in reputation on earth, namely the Legion Etrangere (the Foreign Legion) of France, although the method of enlisting men for the Northwest Mounted Police is almost absolutely opposite from that employed by the French government in recruiting the ranks of the Legion. Although there are many men in both organizations who have lost famous names, in the French Legion all that is necessary to obtain a commission is for a would-be recruit to submit a photograph of himself in the uniform of an officer in one of the European or American armies.

The Northwest Mounted Police, which is a police-military organization, under the jurisdiction of the Dominion of Canada, is directly responsible as a military body to the British crown, and though it has in its rank many a younger son, the commissions in the Northwest Mounted Police are earned only by service in the Northwest.

Mr. Turner has played the part of an officer in this organization several times and is unusually fitted both by physique and disposition, for a part of this kind, being a man of athletic figure with the typical military cast of countenance.

OUCH! LUMBAGO?

Try Musterole. See How Quickly it Relieves

You just rub Musterole in briskly, and usually the pain is gone—a delicious, soothing comfort comes to take its place. Musterole is a clean, white ointment, made with oil of mustard. Use it instead of mustard plaster. Will not blister.

Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest (it often prevents pneumonia). Always dependable.

SEEMS EVERYONE HEARD ABOUT

All want to try new drug that dries up corns so they lift out.

Good news spreads rapidly and druggists here are kept busy dispensing freezone, the recent discovery of a Cincinnati man, which is said to loosen any corn so it lifts out with the fingers.

A quarter of an ounce costs very little at any pharmacy, but is said to be sufficient to rid one's feet on every hard or soft corn or callus.

You apply just a few drops on the tender, aching corn and instantly the soreness is relieved, and soon the corn is so shriveled that it lifts out without pain. It is a sticky substance which dries when applied and never inflames or even irritates the adjoining tissue.

This discovery will prevent thousands of deaths annually from lock-jaw and infection heretofore resulting from the suicidal habit of cutting corns.

No Room In Hospital For Suffering Girl

Tuberculosis Victim Turned Away With Red Cross Seals Unsold

She seemed like a pretty child as she sat in the revolving chair before the doctor of the Tuberculosis Clinic. The history sheet showed her to be sixteen years old. It also conveyed the information that she had been referred to the tuberculosis division by the nurse employed by a local corporation to watch the health of employees.

"Please, doctor, let me go back to work," she pleaded.

The doctor glanced at the chart and noted that on Sept. 9th, the day when she first visited the clinic, she weighed 119 pounds, and that she now weighs 113 1-2. He looked at her drooping shoulders, at her narrow chest, at her tired brown eyes. He glanced at the result of the sputum analysis. "Positive" it read in big accusing red letters. All the signs before him were eloquent of rapid decline.

"I can't," he responded.

"But I must work," she insisted.

"Why do you have to work?" he inquired.

"I must eat, I must dress myself," she answered.

"Doesn't your father do that for you?"

"I have no father."

"Your brothers then?"

"I have no brothers."

"Your mother?"

"My mother, I have to keep my mamma. She is a practical nurse but she can't get cases. It is up to me."

"Child you ought to be in a hospital right now," said the doctor. "Would your mother let you go?"

"Yes, my mamma wants me to get well more than she wants anything else in the world," said the girl very seriously.

"How would she get along?"

"She'd manage somehow. Have you a place in the hospital for me?"

"No, we haven't, and it's a disgrace that we haven't," replied the doctor. "You should be tucked in a hospital bed this very minute but we haven't a bit of room for you. You're coughing, you're losing weight, you're running a temperature but the best we can do is to put you on the waiting list. Some day, if it is not too late, we'll get you into the hospital."

The tired brown eyes filled with tears, but the drooping shoulders braced themselves gallantly.

"I'll fight just as long and as hard as I can," said the wee slip of a girl. "I hope for mamma's sake that my turn won't come too late."

By buying Red Cross Seals, you help the organized movement to provide adequate care for all contempratives.

WELL WORTH SEEING

On Tuesday Dec. 12 at the Opera House the Lambert Producing Company's (not Inc.) production "The Other Man's Wife" from the pen of Victor E. Lambert will be seen here for the first time. The double standard of morals and conduct, one for man the other woman is the theme. The story is handled in a masterly manner, and a vein of the richest humor which runs throughout the whole piece relieves any tendency of the story to become prosy. The play is interpreted by an excellent cast, and an elaborate scenic investiture goes to make the play very complete. Seats on sale Saturday.

GIVES YACHT TO AID WAR SUFFERERS

Boston, Mass., Dec. 7.—The \$10,000 yacht no share given by the Back Bay society woman will not be the only valuable donation offered for sale at the great National Allied Bazaar which is to open in Mechanics' Building here tomorrow. Another valuable donation is a famous racing yacht that has won the Corinthian summer series and other events in New England waters. The donor has

given the yacht on condition that his name and the name of the yacht are not made public. He also requires that at least \$5,000 be realized by the sale of the craft on a subscription plan. The value of the yacht is more than twice that amount. This sum will be donated entirely to the relief of the distress in the war ravaged countries of Europe.

LUMBERMAN'S SALES CONFERENCE

Merrill, Wis., Dec. 7.—The lumberman's salesmanship conference, for which a call was issued several weeks ago by the Northern Hemlock and Hardwood Manufacturers' association, began its sessions here today with an attendance of several hundred lumber manufacturers, wholesalers, retailers, commission men, and salesmen. The purpose of the conference is to bring together all of those actively interested in the northern lumber industry to determine how best to handle the selling and manufacturing departments with the one aim of marketing the greatest volume of lumber efficiently and intelligently.

Practical Gifts for Every Member of the Family

The Gift Giving Problem "What Shall I Give For Christmas?" Can Be Solved Easily, Quickly and Satisfactorily At This Store

Day after day we hear customers say that they have been agreeably surprised how quickly and easily they have been able to find just the gifts they wanted. Practically every item in the store offers a sensible Christmas gift suggestion. And since we have made special displays of such items as are particularly acceptable as Christmas gifts, you will find selection more easy and satisfactory than you ever imagined. A visit to the store will convince you at once of the advisability of immediate purchasing.

Christmas Handkerchiefs

Splendid Display of Handkerchiefs

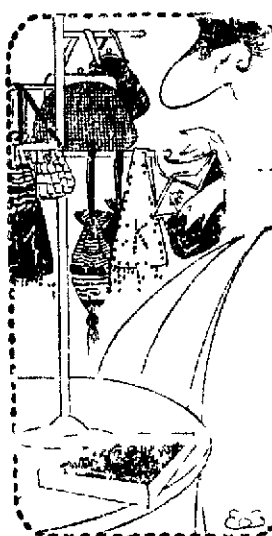

To buy handkerchiefs at this store means that you can have a wide selection and just the qualities desired. Think of buying a neat, hemstitched sheer lawn handkerchief for 5c, and then of better qualities which include hemstitched borders and embroidered designs and scalloped edges up to 75c each. It's wisest to make your selection of handkerchiefs at once and put them away for gift giving later.

Unusual Showing of Handkerchiefs at 25c

At this popular price there are dainty handkerchiefs of Embroidered Swiss, pure linen and Crepe-de-Chine, hundreds and hundreds of different designs. Early purchasing is strongly urged and advisable.

Jewelry Is Always Acceptable for Christmas

And when giving jewelry it is not always essential that a high price be paid to secure a piece of jewelry that will be acceptable. Our jewelry section provides ample choice from a wide selection of bracelets, brooches, waist sets, collar and cuff sets, baby pins, lingerie pins, etc. And in each case, they have been well made and soldered in such way as to give satisfactory service. Prices from 25c to \$3.00.

Leather Articles Make Serviceable as well as Acceptable Gifts.

And though the price of leather goods has advanced materially, our orders were placed months ago. This enables you to purchase leather goods here at the old price.

Leather Handbags in all the latest styles from 25c to \$5.

Leather Purses, new shapes, from 25c to \$1.50.

Leather Pillow Tops—almost every lodge is represented. Priced at \$3.25.

HOLD COUNTYS.S. CONVENTION AT CURWENSVILLE

A new thing in Association Work Was the Fall Convention Held Last Tuesday

USUALLY HELD IN THE SUMMER

A new thing in District No. two of the Clearfield County Sunday School association was the Fall convention held in the Presbyterian church at Curwensville Tuesday. Heretofore but one convention has been held in that district each year, usually in June, but, judging by the spirits of the one just held, it is likely to be repeated year after year. J. A. Dale, Esq., is president of the district and he, with the secretary Fred P. Robinson, did careful publicity work prior to the convention. The forenoon session was in the nature of an informal conference participated in by F. M. Davis, Mrs. Margaret Spence, Mrs. Wm. Twiss, J. D. Haines, chairman Dale and others. The central theme of this period was the relation between the Sunday School worker and his source of power.

In the afternoon devotions were led by M. C. Flegal, of Lumber City. He was followed by chairman Dale in a talk on the past and future of the district. It was a well thought out presentation of the subject, showing that the district has a past worthy of commemoration and also pointing the way to an even better future.

A letter from the county president Rev. O. B. Poulson, of Wallacetown, was read expressing his regrets that he could not be present at the convention and mentioning some things that the county association expected of district number 2. The sum of those expectations was that the district should make a strong endeavor to reach Front Line position, or Advanced Standard, if possible. The various points that would have to be met were earnestly discussed. The feeling of the convention seemed to be that the proposition was not at all out of reach and that if the district will go after the goal of Front Line it will reach it, and the Advanced Standard is not much farther on.

The need of community surveys with reference to church and Sunday School organizations was discussed by many members of the convention. The subject developed live interest and a considerable breadth was given in that it called forth different views concerning Sunday School attendance. One view that seemed to have the concurrence of all who were present was that parents are more responsible than any other factor for neglect of both Sunday School and church attendances.

Probably the most interesting period of the session was that occupied by Edgar R. Buzzell in a paper covering the subject of Secondary Division Activities in the district. It was an appealing argument for the formation of more organized teen age classes. He showed how the greatest losses to the Sunday School membership occur during the ages between thirteen and nineteen and

ROUMANIA DID NOT LOSE ARMY IN RETREAT

Evacuated Bucharest in Food Order But Rear Guard Forced to Fight to Save Themselves

COUNTRY MAD WITH TERROR

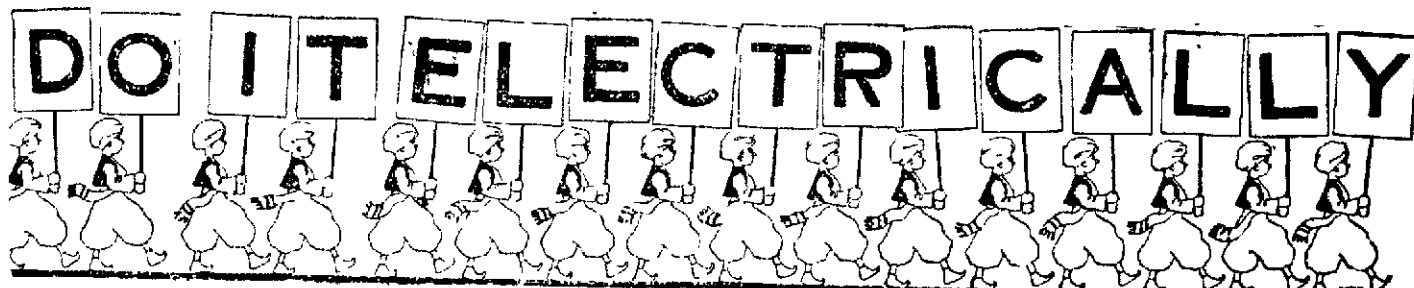

Paris, Dec. 7.—The Roumanians evacuated Bucharest in good order, saving their army it was authoritatively stated here today. The Roumanian rear guard was forced to fight desperately before the retreat—the above is the first admission from any allied war source confirming the German official statement late yesterday afternoon that Bucharest had fallen into Teuton hands, success of the French surprise attack on Metzeral was announced in today's official statement. The French forces captured a number of prisoners. Metzeral is in Alsace on the border and on the road to Colmar from which point it is about 15 miles distant.

Amsterdam, Dec. 7.—Bucharest was almost deserted of civilians as well as soldiers when the Roumanian capital was taken by the German army. Reports here today said the city was not demolished.

With the German army at General von Falkenhaven's headquarters in Roumania via wireless to the United Press. Every hundred yards there is something dead or dying in Roumania. The country is mad with terror. Anarchy and chaos reign everywhere and the misery of the inhabitants is terrible. Most of it is due to the Roumanian government itself which ordered all civilians to

strong a tendency class organization exists to stop that leakage. Several delegates took part in the discussion that followed.

The evening service was opened with a prayer and song service led by Rev. T. C. Henderson of Glen Richey. Then an illustrated lecture was delivered by Rev. E. D. Parkhill, pastor of the Curwensville Presbyterian church. It was educational in character, especially in the direction of imparting information concerning conditions in some of the spiritually destitute sections of the United States. It was a fitting close to a convention that was an uplift to all that attended it. It is risky nothing to say that that district number two will have more fall conventions.

“Doing the Dishes” By Electricity Now

One Cent a day is Cost of Keeping Hands White and Soft. If a thousand women were asked to vote on the most distasteful task in the numerous duties of house-keeping it is fair to assume that dish washing would receive a safe majority. Day in and day out, three times a day, seven days a week the accumulation of soiled dishes must be disposed of. Hot, not lukewarm water, is necessary to remove the particles of food from the plates and silverware. After the housewife has kept her hands in soapy dishwater raised to almost scalding temperature and rinsed and wiped the dishes, and repeated this process over and over three times a day, it is hardly to be wondered at that so many women have anything but soft well appearing hands fit for doing fine needle work, or to show at the card table or club.

Petrograd, Dec. 7.—An allied war statement said the evacuation of the Roumanian capital had taken place at mid-day yesterday. The Russian troops which had come to the rescue of the Roumanians retreated southward with the Roumanians the statement added.

Daughter of Carnegie Makes Her Debut

Miss Margaret is Only Child of Rich Old Iron Master

New York, Dec. 7.—Miss Margaret Carnegie, only child of Mr. and Mrs. Andrew Carnegie, and heiress to the many millions of the great ironmaster, is to be introduced to society at a dance to be given tomorrow night at the home of her parents. That New York society is anticipating the event with more than an ordinary amount of interest goes without saying.

Neither Mr. nor Mrs. Carnegie has ever shown any inclination for a “social” life, as that term is generally understood. During the many years of their residence in New York they have been content with a small circle of friends. In striking contrast to other of the so-called “Pittsburgh millionaires” they have made no attempt to break into high society, although they would have found the doors of the most exclusive set always open to them.

85,000 ACRES OF LAND UNDER IRRIGATION

Washington, Dec. 7.—(By United Press)—A total of 85,000 acres of land in 17 states were benefited by irrigation water through the efforts of the reclamation service according to the report of Secretary Lane of the department of the interior today. Inventors of the country were active according to the report. 73,030 applied for patents at the patent office an increase of 954 over the prior year. Of this number 46,133 were granted. Pensions to the amount of \$159,155,089.92 were paid. There were 790,512 names on the roll at the end of the year a decrease of 38,500 for that year.

The First Bear

The first camp in the region to report the killing of a bear is the Harley Camp on Montgomery. Cliff Peoples was the lucky sportsman. This camp also reports the bagging of a fine six-prong buck. Both kills were made on Tuesday morning. Besides being hunters this camp boasts of a trapper in that they report Lawrence Ball as having trapped a fine mink. The mink was of an extra large size and from the present condition of things in the fur market will compensate Lawrence to some extent if he is not lucky enough to kill his buck. The roster of the camp as follows: Wm. Harley, Geo. Harley, Lawrence Ball, Sheridan Ball, Wm. Peoples and Cliff Peoples.

SHORTAGE OF CARS

Washington, Dec. 7.—(By United Press)—With the country facing a desperate shortage of cars the Interstate Commerce commission in its report submitted to congress today recommended the federal control of the situation. The report pointed out that demands for American cars abroad was largely responsible for the shortage of cars.

Big Doings at Goshen Camp

Out at Goshen Camp, last Sunday there were some “DOINGS”. Hobe Callahan and Lee Hess got into an argument as to whether Hobe could pick ten chickens in ten minutes. In less time than it takes to tell it the chickens were ready; the water boiling and the services of a small boy procured to hold the fowls during the operation.

At the call of time Hobe got right on the job and had the first nine chickens picked at the end of nine minutes. Without more ado he started in on the bird and a spectator is willing to vouch that Hobe denuded the last fowl in “less than nothing.” However our popular producer of palatable ticklers got the “iron man” that was bet and take it from us Hobe is some chicken picker.

Safety First!

One of the notable things of the hunting season this year is the scarcity, or we might say, the fortunate avoidance of accidents. This is the seventh day of the season, nearly one-half of the allotted time and thus far there have been only one or two persons injured. Nature, herself, seems to have taken a hand in the hunters’ “safety first” campaign and has denuded the trees of leaves thus making it easy to distinguish between man and deer.

MADISON SQUARE GARDEN UNDER HAMMER

New York, Dec. 7.—Madison Square Garden, New York's most famous amusement center, was offered for sale at auction today to satisfy a \$2,300,000 mortgage held by the New York Life Insurance company. Never since its first opening a quarter of a century ago has the Garden been a success financially. For several years past it has been rumored that the big building would be torn down and the site used for business purposes. Following the present foreclosure proceedings it is expected that definite announcement soon will be made as to the future of the enterprise.

Somebody Lied on “Skinny”

When we published the item that the editor of this column had got his buck we thought that we were giving a truthful item. Since we have heard many contradictions of the statement and as “SKINNY” is still “Somebody” in the mountain” (name deleted by censor) we are unable to either verify or retract the statement. However we have every reason to think, taking Jim's past record into consideration, that if he got his heagle eye on one of the pronged denizens of the woods he might as well say a little prayer and say a little prayer and prepare to enter into another life and as Jim would say if he wrote this column this week, “Yee gosh darned right!”

New Argentine President to Hear Capital Graft of Five Million

Original Plan Was to Spend 6,000,000 Pesos But Already Over 32,000,000 Has Been Spent.

Buenos Aires, Dec. 7.—(By United Press)—The ventilation of scandal as awful or worse than the Pennsylvania state house scandal connected with the construction of the Argentine national capital today promises to be an early incident of Hipolito Yrigoyen's recently begun regime as President. Work on the capital was started about 10 years ago. It is nearly but not quite done.

The original plan was to spend 6,000,000 pesos, or \$2,610,000 United States money. In fact, 23,490,220 pesos, or to be exact, \$14,229,696.80, has gone into the building. It has been changed in print and practically that of this sum, about 12,000 pesos or \$5,280,000 was “graft.”

THURSDAY EVENING, DECEMBER 7, 1916

Some men prefer to be decent first, Republicans second and Democrats never!

The weather has not been very cold but apparently it has been cold enough to freeze up that little "sheriff bug" that was buzzing in so many bonnets.

Some men cannot understand why we dare to utter any word of criticism on the Republican party or its leaders. We believe in party principles. We do not believe, however, that a man or any set of men, should become the party itself.

A BELATED TRIBUTE.

"Watch Your Step" which showed here night before last made a great hit among local theatre goers, particularly those who go to the theatre for amusement alone and without any thought of being bothered with a deep or even at least curiosity over the outcome of the play. To tell anybody what the play was about would be impossible. There was no plot and all that the audience remember was fine singing, best of dancing and some witty comedians. The costumes were the elaborate for a musical comedy ever seen on the local stage. To be able to create a good impression on an audience without the semblance of a plot to work on speaks well for the ability of the cast.

"MOVIES".

Why do you go to the movies? Did you ever ask yourself that question? People who patronize the show houses should study this question and by doing so they will be able to get much more pleasure and benefit from it. No doubt the vast majority of people go to the movies for amusement alone. But to what phase of the movie do they look for the fulfillment of their desires? Some look entirely to the plot or the scenario and never give a thought to the superb acting or wonderful scenic effects of the picture. A few appreciate real acting but these are in a minority. Probably the most scarce article in the movie "bug" is the person who really appreciates the wonderful landscape effects and beautiful scenes shown in most pictures. The habitual movie fan gets his greatest delight out of a screen acquaintance with every actor or actress and usually persists in annoying us with his dream land visiting list.

The picture houses of Clearfield are to be congratulated on the fine pictures they bring here and the next time you go to the movies we want to ask that you study them for their beauty alone. Keep in mind that what you spend ten cents to see has cost thousands of dollars to produce. There must be something of beauty hidden in it.

BUSINESS PLANS TO FORM STATE BODY

Harrisburg Meeting to Pattern After National Organization.

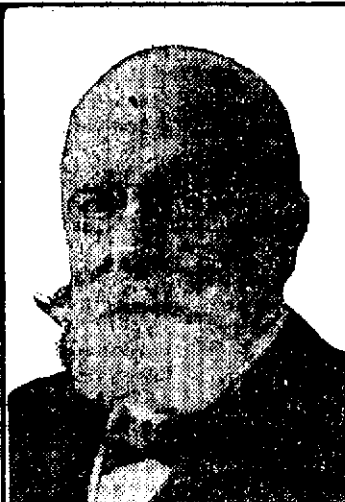

Photo by Overton.

HOWARD B. FRENCH
He will preside at gathering to form State Chamber of Commerce.

Philadelphia, December 1.—Men actively engaged in solving civic problems and developing industrial and agricultural projects will meet in Harrisburg on Wednesday, December 6, to form a Pennsylvania Chamber of Commerce. Howard B. French, President of the Philadelphia Chamber of Commerce, a member of the State Board of Charities, and affiliated with public organizations, will preside. R. G. Rhett, President of the Chamber of Commerce of the United States, whose home is in Charleston, S. C., and G. H. Veltman, President of the New Jersey State Chamber of Commerce, who lives at New Brunswick, will be present and participate in the organization next Wednesday.

It is the purpose of those interested in the formation of this organization to model it after the Chamber of Commerce of the United States, which is composed of representatives of commercial and industrial associations.

TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring back its Natural Color, Gloss and Attractiveness

Common garden sage brewed in to a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and sulphur recipe at home, though it is troublesome. An easier way is to get a 50 cent bottle of Wyeth's Sage and Sulphur Compound all ready for use. This is the old time recipe improved by the addition of other ingredients.

While wispy, gray, faded, hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound no one can tell because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs will have disappeared and after another application or two your hair becomes beautifully dark, glossy and luxuriant.

This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of disease.

associations of labor, agricultural organizations, and such other agencies as have an interest in the betterment of governmental and business conditions. The organization will have headquarters at Harrisburg, and it is the plan to continue a permanent organization for carrying on the work of the various committees.

According to President Howard B. French, of the Philadelphia Chamber of Commerce, an effort will be made to bring into more sympathetic cooperation the business men of the state and those legislators charged with the duty of protecting the interest of the public, and the proper development of our state.

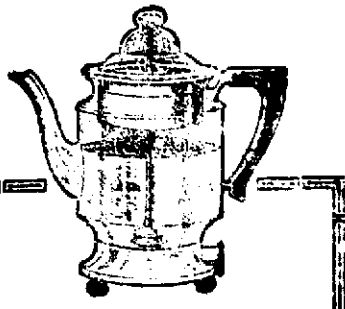

N. B. Kelly, General Secretary of the Philadelphia Chamber of Commerce, who is in charge of the detail work in the eastern part of Pennsylvania, reports enthusiastic support of the project to launch a state organization that will handle the problems of the business man in the small city as scientifically as the organization in the big cities look after the welfare of their members. According to Mr. Kelly, every commercial organization in the State of Pennsylvania has been asked to send one representative to the Harrisburg meeting to hear of the work done by the National Chamber of Commerce, and that done by the state body across the Delaware, and to further participate in the permanent organization that is calculated to work in harmony with everybody concerned in the welfare and advancement of the state.

CURWENSVILLE

Mrs. H. P. Thompson visited with friends in Bellefonte this week.

Mrs. A. M. Kirk, who spent the past two months most pleasantly with relatives and friends in Philadelphia has returned to her home in Curwensville.

Mrs. A. Z. Wolf entertained the 500 club at her home Tuesday evening. It became sort of double party, as Miss Mary Wolf entertained a group of her young friends at the same time.

Mr. Croyle, who was a member of Co. F 149th Bucklers during the civil war, died in Lebanon county last week. He was the last of seven men who had enlisted in this famous regiment.

One of the hunters at the Kelly hunting lodge was accredited last evening with the killing of a large 4 prong buck. The men at this camp have only succeeded in getting one deer so far this season as records show.

Mrs. Albert Long, one of Curwensville's aged and respected ladies, suffered a paralytic stroke yesterday afternoon about four o'clock. She had been out just a few moments before and had gone into the house and sat down in a chair where her husband found her unconscious. Grave fears were entertained last evening for her recovery.

Lewis Anderson, a resident of Grampian, died last Saturday at his home, in the 49th year of his age. Cancer of the stomach was the direct cause of his death. He is survived by a widow and six children. His funeral was held Monday afternoon, Rev. Hawkins, pastor of Grace Lutheran church, this place conducting the services.

Mrs. J. H. Cooke was reported last evening to be seriously ill at her home in the Baptist parsonage.

Ed Pratt is home from Mt. Union where he had been working for the Curwensville Construction company during the summer. There is not another man in the state who can set more paving brick than this same Ed Pratt.

It was reported among those who are following the successes and defeats of Curwensville hunters on the mountains last evening that at last that big bear had been outwitted in his cunningness and slain. Several hunters came at 10:30 p. m. and when asked about it could not confirm the rumor.

No borough council meeting was held on Monday evening, as no quorum was present; through the members who compose that illustrious body being out on the mountains looking for venison or bear steak.

WALLACETON

Miss Eva Goss our popular young Post Mistress was viewing the sights at Philipsburg on Saturday night.

Well, the Election is over, now we can get down real good news for awhile.

Loy Gilman, H. W. Ref. Co. Clerk in our city accompanied by a bunch of sportsmen from Pittsburgh with Dr. of Woodland are camping in the vicinity of Shawsville. A call to our city tells they have got a seven pronged buck. Venison galore will be on our Bill of Fare now.

Misses Ruth Honek and Mary Butler our young lady school teachers spent Sunday with home folks in Chester Hill.

Clair Smith was a Saturday night visitor with friends in Philipsburg.

Geo. Johnson and Albert Foster motored to Clearfield on Saturday.

Grover and Wm. Johnson took an auto ride to Kyertown on Sunday.

Doc Buzard's Ford is on the bum again.

Nels Gilpatrick our bustling young grocery man was doing business at Philipsburg on Saturday evening.

Rev. Poulsen, Wilson and Ray Good and James Shaw motored to the Green Woods on Monday morning expecting to bring home the bacon.

Jacob Maines and son Lewis, have gone to the Tall Timber for a week of Watchful Waiting—wow.

Through the courtesy of Harrison Walker Ref. Co. we have received an increase of wages. This is three times during this year and this Company has advanced the price of labor. The boys are all pleased and would not complain no difference how many increases they received.

We had a little fracas in town Saturday evening. Nobody hurt. Too

HOT WATER THE BEST LIVER AND BOWL MEDICINE

Says glass of hot water before breakfast washes poisons from system.

Physicians the world over recommend the inside bath, claiming this is of vastly more importance than outside cleanliness, because the skin pores do not absorb impurities into the blood, causing ill health, while the pores in the ten yards of bowels do.

Women and men are urged to drink each morning, before breakfast a glass of hot water with a teaspoonful of limestone phosphate in it, as a harmless means of helping to wash from the stomach, liver kidneys and bowels the previous day's indigestible material, poisons, sour bile and toxins thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Just as soap and hot water cleanse and freshen the skin, so hot water and limestone phosphate act on the eliminative organs.

Those who wake up with bad breath coated tongue, nasty taste or have a dull, aching head, sallow complexion, acid stomach; other who are subject to bilious attacks or constipation, should obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to demonstrate the value of inside bathing. Those who continue it each morning are assured of pronounced results, both in regard to health and appearance.

A. L. COLE IMPROVING.
We are glad to state that A. L. Cole's condition is very much improved today.

GRAMPIAN

Aaron Peters, wife and daughter Violet spent Thanksgiving and the week end with his brother H. H. Peters.

W. E. Derrick and G. W. Wood, were in Clearfield Monday to buy lumber and windows for their new buildings.

The funeral services of Lewis Anderson who died on Saturday were held in the M. E. Church Monday afternoon at two o'clock.

Many members of the local W. C. T. U. spent Tuesday in Clearfield at-

"HOW TO WIN A HUSBAND" TOLD IN PREACHER'S TEN COMMANDMENTS

Oakland, Cal., Dec. 7.—(By United Press)—How to win a husband is told in Rev. John H. Pierce's "Ten commandments" for girls seeking the royal road to matrimony today. Rev. Pierce has married 400 couples in 20 years. Here are the commandments:

First—Plan your campaign with the wisdom of the serpent, conceal it with the silence of the clam, execute it with the strategy of Machiavelli.

Second—Avoid all witticism about marriage.

Third—Veil with alluring helplessness the iron of self-sufficiency.

Fourth—When a man declares "I shall never marry" mark him for easy prey.

Fifth—Be inwardly bold as a lion, outwardly timid as a fawn.

Sixth—The loudest flattery is the silence of attention. When he speaks listen. It is license to his pride.

Seventh—Shun the rouge pot and the powder puff, for many a maid has been lost out by sailing under false colors.

Eighth—Pick out a chemical affinity. Second annual convention of the Society of First Ladies of America was called to order by Mrs. John H. Pierce.

Ninth—Copy the cat, for it is the queen of grace, and the dove for its grace and the whippersnapper for its grace.

Tenth—Remember that the truest test of a man is a kiss. If he will not kiss under its pressure, then he is either a fool or a liar.

MARSHALL CASE COMES UP

Washington, Dec. 7.—One of the important cases appearing on today's docket for hearing before the Supreme Court of the United States was Fifth Avenue Presbyterian church that of United States District attorney H. Snowden Marshall of New York who is charged with contempt of the House of Representatives. While this city and Winthrop W. Aldrich of Rhode Island, the two peacemakers charges made by Representative Buchanan of Illinois are among the wealthiest in America charged by the House with contempt for writing a letter alleged to reflect upon the motives and conduct of the subcommittee's inquiry. In their proceedings Mr. Marshall is appealing to the Supreme Court from dismissal by the Federal district court of New York of his habeas corpus suit denying jurisdiction of the present House to try or punish him.

"SAFETY FIRST" CONVENTION

ALDRICH-ALEXANDER WEDDING

New York, Dec. 7.—Fashionable society turned out in full force at the Fifth Avenue Presbyterian church this afternoon for the wedding of Miss Harriet Alexander, daughter of Mr. and Mrs. Charles B. Alexander of New York, and Winthrop W. Aldrich of Rhode Island. The ceremony was performed by the Rev. Dr. John H. Joy, pastor of the church.

UNUSUAL BIRTHDAY COINCIDENCE

Stonham, Mass., Dec. 7.—A coincidence of dates is found in the family of Mr. and Mrs. John H. Joy, this place, who tomorrow will be celebrating the anniversary of their marriage. The couple have had a very happy and successful marriage. Mr. Joy is a prominent business man and Mrs. Joy is a devoted wife and mother.

NORMA TALMADGE STARRS
WITH TULLY MARSHALL

"The Devil's Needle," New Triangle-Fine Arts Drama Dealing with Evils of Drug Habit

In "The Devil's Needle," Triangle drama to be seen at the Opera House tomorrow evening, Norma Talmadge and Tully Marshall are co-starring, and the latter is seen in the kind of part in which he achieved his greatest fame on the speaking stage—that of a morphine fiend. It was in Clyde Fitch's last play, "The City," produced on Broadway several months after his death, that Marshall appeared as a victim of the "devil's needle," and gave such a marvelous impersonation that on the opening night several women fainted and had to be carried from the audience. His individual work was more largely responsible for the success of "The City" than any other one feature of the play.

"THE DESTROYERS"

Special at the Globe Theatre Friday
In "The Destroyers," the Blue Ribbon Vitaphone release of June 5, there is a wonderful characterization by Robert Turner of a member of the Northwestern Mounted Police.

This body of men is one of the most famous in the world, being equalled in reputation on earth, namely the Legion Etrangere (the Foreign Legion) of France, although the method of enlisting men for the Northwest Mounted Police is almost absolutely opposite from that employed by the French government in recruiting the ranks of the Legion. Although there are many men in both organizations who have lost famous names, in the French Legion all that is necessary to obtain a commission is for a would-be recruit to submit a photograph of himself in the uniform of an officer in one of the European or American armies.

The Northwest Mounted Police, which is a police-military organization, under the jurisdiction of the Dominion of Canada, is directly responsible as a military body to the British crown, and though it has in its rank many a younger son, the commissions in the Northwest Mounted Police are earned only by service in the Northwest.

Mr. Turner has played the part of an officer in this organization several times and is unusually fitted both by physique and disposition, for a part of this kind, being a man of athletic figure with the typical military cast of countenance.

Try Musterole. See How Quickly it Relieves

You just rub Musterole in briskly, and usually the pain is gone—a delicious, soothing comfort comes to take its place. Musterole is a clean, white ointment, made with oil of mustard. Use it instead of mustard plaster. Will not blister.

Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest (it often prevents pneumonia). Always dependable.

SEEMS EVERYONE HEARD ABOUT

All want to try new drug that dries up corns so they lift out.

Good news spreads rapidly and druggists here are kept busy dispensing freezone, the recent discovery of a Cincinnati man, which is said to loosen any corn so it lifts out with the fingers.

A quarter of an ounce costs very little at any pharmacy, but is said to be sufficient to rid one's feet on every hard or soft corn or callus.

You apply just a few drops on the tender, aching corn and instantly the soreness is relieved, and soon the corn is so shriveled that it lifts out without pain. It is a sticky substance which dries when applied and never inflames or even irritates the adjoining tissue.

This discovery will prevent thousands of deaths annually from lock-jaw and infection heretofore resulting from the suicidal habit of cutting corns.

No Room In Hospital For Suffering Girl

Tuberculosis Victim Turned Away With Red Cross Seals Unsold

She seemed like a pretty child as she sat in the revolving chair before the doctor of the Tuberculosis Clinic. The history sheet showed her to be sixteen years old. It also conveyed the information that she had been referred to the tuberculosis division by the nurse employed by a local corporation to watch the health of employees.

"Please, doctor, let me go back to work," she pleaded.

The doctor glanced at the chart and noted that on Sept. 9th, the day when she first visited the clinic, she weighed 119 pounds, and that she now weighs 113 1-2. He looked at her drooping shoulders, at her narrow chest, at her tired brown eyes. He glanced at the result of the sputum analysis. "Positive," it read in big accusing red letters. All the signs before him were eloquent of rapid decline.

"I can't," he responded.

"But I must work," she insisted.

"Why do you have to work?" he inquired.

"I must eat, I must dress myself," she answered.

"Doesn't your father do that for you?"

"I have no father."

"Your brothers then?"

"I have no brothers."

"Your mother?"

"My mother, I have to keep my mamma. She is a practical nurse but she can't get cases. It is up to me."

"Child you ought to be in a hospital right now," said the doctor. "Would your mother let you go?"

"Yes, my mamma wants me to get well more than she wants anything else in the world," said the girl very seriously.

"How would she get along?"

"She'd manage somehow. Have you a place in the hospital for me?"

"No, we haven't, and it's a disgrace that we haven't," replied the doctor. "You should be tucked in a hospital bed this very minute but we haven't a bit of room for you. You're coughing, you're losing weight, you're running a temperature but the best we can do is to put you on the waiting list. Some day, if it is not too late, we'll get you into the hospital."

The tired brown eyes filled with tears, but the drooping shoulders braced themselves gallantly.

"I'll fight just as long and as hard as I can," said the wee slip of a girl. "I hope for mamma's sake that my turn won't come too late."

By buying Red Cross Seals you help the organized movement to provide adequate care for all contemp-

WELL WORTH SEEING

On Tuesday Dec. 12 at the Opera House the Lambert Producing Company's (not Inc.) production "The Other Man's Wife" from the pen of Victor E. Lambert will be seen here for the first time. The double standard of morals and conduct, one for man the other woman is the theme. The story is handled in a masterly manner, and a vein of the richest humor which runs throughout the whole piece relieves any tendency of the story to become prosy. The play is interpreted by an excellent cast, and an elaborate scenic investiture goes to make the play very complete. Seats on sale Saturday.

GIVES YACHT TO AID WAR SUFFERERS

Boston, Mass., Dec. 7.—The \$10,000 yacht no share given by the Back Bay society woman will not be the only valuable donation offered for sale at the great National Allied Bazaar which is to open in Mechanics' Building here tomorrow. Another valuable donation is a famous racing yacht that has won the Corinthian summer series and other events in New England waters. The donor has

given the yacht on condition that his name and the name of the yacht are not made public. He also requires that at least \$5,000 be realized by the sale of the craft on a subscription plan. The value of the yacht is more than twice that amount. This sum will be donated entirely to the relief of the distress in the war ravaged countries of Europe.

LUMBERMAN'S SALES CONFERENCE

Mirill, Wis., Dec. 7.—The lumberman's salesmanship conference, for which a call was issued several weeks ago by the Northern Hemlock and Hardwood Manufacturers' association, began its sessions here today with an attendance of several hundred lumber manufacturers, wholesalers, retailers, commission men, and salesmen. The purpose of the conference is to bring together all of those actively interested in the northern lumber industry to determine how best to handle the selling and manufacturing departments with the one aim of marketing the greatest volume of lumber efficiently and intelligently.

FARMERS FEAR GRAIN EMBARGO

Chicago, Ill., Dec. 8.—Fearing that the continued rise in the price of bread may eventually result in a grain embargo, a conference of representative grain farmers from all

sections of the country met today to discuss plans for meeting the present war-torn marketing methods, which the report is largely responsible for existing high prices. The conference will continue in several days, is held under the auspices of the National Council of Farmers' cooperative Associations.

Practical Gifts for Every Member of the Family

The Gift Giving Problem "What Shall I Give For Christmas?" Can Be Solved Easily, Quickly and Satisfactorily At This Store

Day after day we hear customers say that they have been agreeably surprised how quickly and easily they have been able to find just the gifts they wanted. Practically every item in the store offers a sensible Christmas gift suggestion. And since we have made special displays of such items as are particularly acceptable as Christmas gifts, you will find selection more easy and satisfactory than you ever imagined. A visit to the store will convince you at once of the advisability of immediate purchasing.

Christmas Handkerchiefs

Splendid Display of Handkerchiefs

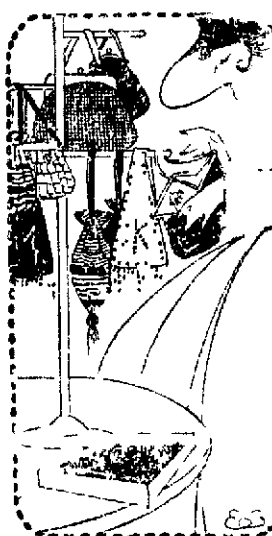

To buy handkerchiefs at this store means that you can have a wide selection and just the qualities desired. Think of buying a neat, hemstitched sheer lawn handkerchief for 5c, and then of better qualities which include hemstitched borders and embroidered designs and scalloped edges up to 75c each. It's wisest to make your selection of handkerchiefs at once and put them away for gift giving later.

Unusual Showing of Handkerchiefs at 25c

At this popular price there are dainty handkerchiefs of Embroidered Swiss, pure linen and Crepe-de-Chine, hundreds and hundreds of different designs. Early purchasing is strongly urged and advisable.

Jewelry Is Always Acceptable for Christmas

And when giving jewelry it is not always essential that a high price be paid to secure a piece of jewelry that will be acceptable. Our jewelry section provides ample choice from a wide selection of bracelets, brooches, waist sets, collar and cuff sets, baby pins, lingerie pins, etc. And in each case, they have been well made and soldered in such way as to give satisfactory service. Prices from 25c to \$3.00.

Leather Articles Make Serviceable as well as Acceptable Gifts.

And though the price of leather goods has advanced materially, our orders were placed months ago. This enables you to purchase leather goods here at the old price.

A Gift Suggestion—Buy a New Winter Coat For Your Wife

If you intend spending anywhere from \$10 to \$20 for a Christmas gift, why not put a few dollars extra to it and buy your wife a real sensible gift—one that will give her greatest pleasure and one she can secure greatest service from. Here are coats priced at \$9.75 to \$25 that are in the very newest fashions and made of such materials that women are calling for every day. You cannot possibly buy anything for your wife that will please her better than a fine winter coat. We'll deliver it on Christmas Day if you say so.

An Absolute Clearance of Millinery—In Many Cases Prices Are Less Than Half Original Costs

The time for an absolute clearance of all our millinery is at hand. And though these hats will be worn for a good many months to come, we've cut prices to the point where the materials alone are worth more than the cost of the hat ready trimmed. As an instance of the values, Hats which formerly sold for \$3 to \$5 are now priced \$1.95.

Let us Suggest a Pretty Waist for a Pretty Christmas Gift.

To give a waist shows good judgment because you make a gift that is practical—a gift that is sensible—a gift that will be appreciated. Here are pretty waists of Georgette Crepe, Crepe-de-Chine, Taffeta, lace, etc., in plaids and plain colors. Prices range from \$1.95 to \$9.75.

Is There Any Woman Who Wouldn't Welcome a Fur for a Christmas Gift?

Furs make not alone an acceptable but truly sensible and the richest gift you can make. There are two things that every woman cherishes—one is a fine Fur and the other fine Linens. So then if you give a Fur piece or a Fur Set, you are sure of making a most acceptable gift and one which will always be highly appreciated.
